

Royal Torbay Yacht Club

We need your help!

Helpers for both Sailing Events and Club activities

The club has many sailing events as well as the weekly club racing, and also needs help on facilities and maintenance of support boats. The club has a developing sailing instruction programme to get new and particularly young people on the water and hopefully to become members of the club. We recognise that everyone has different skills and interests so we would appreciate a response to the following questionnaire to help set up the activities for the coming year and also for instruction, training and even courses for helpers and volunteers.

It would also help us if you could identify your existing qualifications, experience and activity in Table 1 as well as areas of interest for the future in Table 2. If your partner/spouse is interested and is not currently a member can you make a note on the form. Also if you can help on the Regatta or generally in the Club please complete the latter sections.

NAME..... Tel No.....

Mobile no.....E Mail

Table 1.Current Experience/Qualification

Please state any experience/ qualification, certificate that is relevant

	Certification(if any) please state	Experience years/times	Previous Involvement	Further comment
Sailing(participation)
